8:00 p.m. NEW DEMOCRATIC PARTY CLUB meets/MAC 144. Speakers are David Lewis and Ed Broadbent.

Current Events

DISTINGUISHED VISITOR ON CAMPUS

The Department of Classics announces a public lecture by Professor F.W. Walbank, Rathbone Professor of Ancient History and Classical Archaeology at the University of Liverpool. While on leave during 1970-71, Professor Walbank is the Sather Professor of Classical Literature at Berkeley. Honoured by Oxford University by having been asked to deliver the third J.L. Myres Memorial Lecture, Professor Walbank also has been recognized by the invitation to be the J.H. Gray Lecturer at Cambridge. Books that have won high regard for Professor Walbank's scholarship are these: Philip V of Macedon; The Awful Revolution: The Decline of the Roman Empire in the West; and Commentary on Polybius, Volumes I and II. He has also contributed articles to the Oxford Classical Dictionary, Chamber's Encyclopaedia, and the Encyclopaedia Britannica. Professor Walbank will speak at 12:30 p.m., Monday, March 1st in Cornett 165. His subject will be "Polybius' Commitment to Rome".

NEUROPSYCHOLOGY WORKSHOP

Saturday, March 13th, 10:00 a.m. to 4:30 p.m., and Sunday, March 14th, 10:00 a.m. to 3:30 p.m., the Sixth Annual Neuropsychology Workshop will examine the theme "Reading Retardation and Learning Disorders. Major speakers will include Dr. Charles R. Strother, Director, Child Development and Mental Retardation Center, University of Washington, Seattle; and Dr. D. Frank Benson, Department of Neurology, Boston University and Veterans' Administration Hospital, Boston, Mass.

In conjunction with the Workshop, the Psychology Department will be holding an open house.

UNION DANCE

CUPE Local 917 will again sponsor one of their popular dances on March 20th in the Commons Dining Room beginning at 9:30 p.m. Music is by Peter Thompson's Band and there will be bar facilities. Tickets are \$5.00 per couple and can be obtained from union members or from the office of Buildings and Grounds.

FACULTY NEWS

Dr. Elaine Limbrick (French), President of the Association of Canadian University Teachers of French, will be attending the annual meeting of the Executive Council to be held at Brock University, St. Catharines, Ontario on February 25th and 26th . . . Dr. Colin Partridge (English) recently attended the Conference of the Association for Commonwealth Literature and Language Studies at the University of the West Indies, Kingston, Jamaica . . . Dr. D.E. Lobb and Mr.

P.A. Reeve (Physics) will be attending the 1971 Particle Accelerator Conference in Chicago on March 1-3. They will also be visiting the 200 GeV accelerator being built at Batavia, Illinois . . . Dr. Michael Doyle (English) has published R.A.K. Mason: A Critical Biography.

ADDITION TO MACLAURIN BUILDING

Tenders will be received early in March for the construction of an additional story on top of the classroom wing on the northwest corner of the MacLaurin complex. There will be approximately 6,000 square feet of space in this new addition, to provide facilities for the studio of the Fine Arts Department plus four additional classrooms. The tenders call for completion of construction in August of this year.

"IN THE SPRING, A SKYLARK'S FANCY?"

Our alert assistant director of Campus Planning spotted two skylarks in the plowed area between the MacLaurin Building and Ring Road during this past week. He immediately reported this sighting to Mr. A.J. Saunders (for the information of his committee) with the comment that the birds "were eyeing each other rather suspiciously". When questioned regarding this strange behaviour, Dr. Roderick L. Haig-Brown, Chancellor, attributed such action to either timing or attraction. He stated that "it was either too early in the spring or they were both very inexperienced birds".

OTHER BIRD CONSIDERATIONS

The secretary and chief stadium reserver in the Development Office denied recently that she was anti-lark. When questioned, she stated that she preferred to be classified as pro-pheasant and quail. What the reporter and the birds know, but the public does not, is that during the past year two pheasants and their four young'uns and a family of 26 quail have enjoyed a daily meal served by this birdlover of a special feed purchased at a local feed store at the expense of her husband. During the snow this winter, a pathway was provided for their convenience between their home in the blackberry bushes on the Barnes property to their special feeding area, which must remain a secret in case the skylarks find it.
